

MIKE PRIMAK

WEB DEVELOPER

I have been a web developer for six years and have worked on a variety of projects for small and medium sized organizations. I have built beautiful, business websites, interactive commercial web-apps and informative data collecting systems. I can own the entire web development process, from concept to design, build, deploy and maintain.

WORK EXPERIENCE

LGBT Voice Tanzania / Jan 2024 - Current

Web Developer

Re-design, build, deploy and maintain a new website for LGBT rights advocacy group.

Fighting Tomatoes / 2020 - 2024

Web Developer

Develop an interactive web app using JavaScript, PHP, MySQL and Python. Features include login, ratings, comments and search.

Wellnessliving Systems Inc. / 2018 - 2020

White Label App Dept. Coordinator

Coordinated a team of developers, designers and support staff to ensure white label mobile apps were delivered to our B2B clients.

SKILLS

⚡ ReactJS ⚡ Python

⚡ Wordpress ⚡ SQL

⚡ CSS ⚡ PHP

⚡ Javascript ⚡ HTML

COVER LETTER BY

MIKE PRIMAK

WEB DEVELOPER

Hi, my name is Michael Primak and I am looking for a web development position. I am a full-stack web developer open to a wide range of projects and organizations. I have experience with front-end technologies like HTML, CSS, Javascript and ReactJS. Equally, I can back-end with tools like PHP, SQL and Python. I'm also well versed in Wordpress and Woocommerce. Above all, I cherish my ability to learn new skills and technologies quickly, to stay current in the evolving world of web development.

I am looking for employment as either your solo web-developer / IT guy, or as a member of a larger tech team - I am comfortable in both roles. I can own the entire web development process, from consulting with clients about their goals, to developing, deploying and maintaining a project. I can also work in a team, consulting with fellow programmers, managers and partners.

I love making beautiful, functional web-products and am eager to find a new place to express my skills. If you are interested in an enthusiastic, positive and talented web developer, please contact me. I would love to meet you, learn about your project and potentially join your organization.

A handwritten signature in dark grey ink that reads "Michael Primak". The script is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
